I am writing in support of the idea to include Appin in the Campbelltown electoral district.

As a business owner, I understand the benefits this would bring to businesses and industries in Appin.

Our connection to Campbelltown's CBD is one of Appin's greatest strengths. The first place young people look for jobs outside of Appin is Campbelltown not Picton and Tahmoor. Businesses also need a link to training and skills institutions like Campbelltown TAFE.

This is our chance to further connect us to a regional centre!

Yours Sincerely
