As our town has been slowly decreasing in young people over the last few years I believe that with my youth and drug alcohol background along with living over seas for 20 years I have some amazing ideas that I can bring to the table and make small difference in services in town and also as a resident i believe that i can make small changes to encrease young peoples living along with the elderly struggling in our area . I believe everyone is equal an have and equal share and voice in our community . i would like to see more housing and refuges and homes that can be used for emergencies for families in crisis. i would also like to expand on the hospital and health practices in coonamble for women and men .
