(may include statements of beliefs and policies - all information must be restricted to the space provided below).

I am the current Deputy Mayor and three-term ward councillor.

I am a lifelong resident of the Naremburn Ward and passionate about our local community. I believe in commonsense approaches to delivering local government services that focus on roads, rates and rubbish, keeping rates low and delivering essential infrastructure for residents.

Willoughby Council needs to listen to residents more and focus on sticking to the basics: fixing potholes, improving street maintenance and rubbish collection, and continuing to advocate to the State government for appropriate development controls and improved infrastructure. My track record of working with the community to deliver commonsense outcomes across the city is unparalleled.
