(may include statements of beliefs and policies – all information must be restricted to the space provided below).

Ku-Ring-Gai has been my home for 15 years; I have a deep affinity with the area.
On council I will be the voice to represent the values of our community. We can develop much needed housing in our area without destroying its character and green spaces. Ku-Ring-Gai needs investment in schools, roads and public transport to support any growth. I believe the work of the council can help address the climate crisis and transition to renewable energy and encourage appropriate local investment.
As a Roseville Councillor I will use my experience as a company director, as chair of an environmental advocacy agency and as a small business owner to advocate for the Ku-Ring-Gai community and for our environment.
