(may include statements of beliefs and policies - all information must be restricted to the space provided below).

I have lived in the Singleton area for the last 25 years. married & raised 2 children, built a home & business, employed locals, support local & Australian as much as possible.

I have experienced many Things in my life, I can use this to inform decisions.

As a candidate, I seek to promote Libertarian principals into council. This basically means council should focus on basics & not much else, keeping costs and interference with peoples freedom To a minimum.

It should make us grateful that we are among the few who happen to be born in an era of global progress. but it should make us focused

History teaches that it is not automatic it only happened because people fought for it. and for the system of liberty that made it possible.
