|                                 | Bathurst Regional Council 2021  |  |                  |                |                   |                                | We have a plan to back Bathurst, and our team needs your support. This plan will make sure we're able to keep pace with growth, maintain the quality of life and amenity locals deserve, and exploit our potential as the thriving hub of the Central West. We will work hard to secure our long-term water security, build a second river crossing that won't keep going under water linking Rankin Street and running parallel with Hereford Street, advance plans for a heavy vehicle bypass which will make our main streets safer, boost the number of community events and reinvest in our local world-class facilities - like Mount Panorama. There's too many empty shop fronts in town, we need to work with business to cut red tape and bring more casual visitors to town. We have a lot of work to do - let's back Bathurst, not hold |                 |                   |

Our policies are progressive, based on the values of fairness, equity, social justice, inclusion and safety for all people in our community. We seek to protect our unique natural environment and cultural heritage as a city in a World Heritage Area. This includes taking action on the climate crisis by reducing our carbon emissions, standing up against overdevelopment, and preserving the character of our towns and villages. We will work to improve local infrastructure, services and amenities to strengthen our community's wellbeing, resilience and social connections. | 2               |                   |

Mayoral Candidate Bruce Clarke is a lawyer, local government specialist and environmental strategist with high-level management experience. Joining him on the ticket are diplomat, journalist and corporate communications strategist Julie Meldrum, cafe owner Gary Deller and small businesswoman Janine Khosid. The team is committed to genuine and respectful consultation and collaboration to increase liveability, which has been significantly reduced due to the burden of increasing tourism on a small rate base. Byron Shire Action Group is focused on providing actionable solutions to current and future challenges. With better governance and smart leadership, we will see our home maintain its heritage, character and values while adapting to future demands. Everyone deserves better from Local Government. | 1               |                   |

Mayoral Candidate Bruce Clarke is a lawyer, local government specialist and environmental strategist with high-level management experience. Joining him on the ticket are diplomat, journalist and corporate communications strategist Julie Meldrum, cafe owner Gary Deller and small businesswoman Janine Khosid. The team is committed to genuine and respectful consultation and collaboration to increase liveability, which has been significantly reduced due to the burden of increasing tourism on a small rate base. Byron Shire Action Group is focused on providing actionable solutions to current and future challenges. With better governance and smart leadership, we will see our home maintain its heritage, character and values while adapting to future demands. Everyone deserves better from Local Government. | 1               |                   |

I want to make our life's better and fun place to live in North Ward. I have seen daily congestion during school pick and drop off time, we need to have better parking and drop & pick system. I want to have a better sports and community facilities for the young people like tennis court, swimming pool. I also want a new dedicated park for dogs and animals. We need to improve the pathways for regular walkers and joggings, to make it more user-friendly. I want to attract and bring Inward investments for new businesses and innovations for the school leavers and young people to create local jobs. I will work with the exciting and new business community to grow our Camden area. I would like to increase funding for the Age Care homes and attract more facilities and more council activities for our love ones. There is a need for ethnic community clubs and welfare facilities including multi faith base area. We are growing and making Camden our homes with lots of different ethnic |                 |  |

Over the past two years GRA has organized more than 30 charitable events and done a lot of practical and good deeds to improve the wellbeing of the residents and promote the local business. It is therefore well respected by the residents and business in the Georges River LGA. The election objective is to take GRA's success story to the council level, to leverage GRA's grass root community service experience to better the council's decision making and management process, to make sure the grass root voice are heard, to make Georges River LGA a better place to live and do business in. Specifically, GRA seek to advance the following areas in Georges River Council: Improve Community Safety; Promote Public Welfare and Charity; Stop Over-development; Celebrate Multiculturalism; Support Local Business; Improve Council                                     |                 |                   |

| Lennon, Simon Richard   | Ku-ring-gai Council Gordon Ward<br>2021 Local Government Election    |                 | Councillor       | Preserve Ku-ring-gai | 1                 | 1.10                           | Councillors need again to think as a Council of the Ten, engaging with community groups and civic leaders. Council should prioritise Ku-ring-gai residents in new staff hiring. More than economic growth, we need to think again of quality of life, which in Sydney is declining under the weight of tower blocks. Sydney and other cities should cap building heights low, ideally to four storeys but at most seven storeys. Council needs to keep Gordon Bowling Club and other recreational public land in public use. No council should sell assets to fund operating costs. In place of individualism, we need to revive our senses of connectedness, community, and cultural heritage. Fine old homes enrich us all. So again will the Marian Street Theatre. Local government is local. We resolutely oppose any repeat attempt by state government to forcibly amalgamate Ku-ring-gai with any other council.     | 3               |                   |

| Liverpool City Council South Ward<br>2021 Local Government Election |  | Councillor   | Ellie Robertson  |   |   | Bringing a voice back to our community. Your Voice wants to address over-development in our suburbs . We want less traffic and less congestion in our suburbs whilst still supporting robust business growth in Liverpool CBD. We want to see more green spaces and urban canopy. We want a beautiful, cleaner, safer, more accessible and livable community to live in. We want to ensure the protection of our precious native wildlife. We want stronger and higher welfare standards for the protection of our companion animals. We want to strenghten family connections and values. In addition, Your Voice would like to see Council remove barriers that prevent people with disability in accessing employment opportunities and recreation facilities. Your Voice wants to promote the value that people with disabilities provide in our society as well as the value of diversity of other marginalised groups. We want your voice to be heard on Councill  |  |  |

Your Voice wants to address over-development in our suburbs . We want less traffic and less congestion in our suburbs whilst still supporting robust business growth in Liverpool CBD. We want to see more green spaces and urban canopy. We want a beautiful, cleaner, safer, more accessible and livable community to live in. We want to ensure the protection of our precious native wildlife. We want stronger and higher welfare standards for the protection of our companion animals. We want to strenghten family connections and values. In addition, Your Voice would like to see Council remove barriers that prevent people with disability in accessing employment opportunities and recreation facilities. Your Voice wants to promote the value that people with disabilities provide in our society as well as the value of diversity of other marginalised groups. We want your voice to be heard on Councill | 5               |                   |

| Mid-Western Regional Council 2021<br>Local Government Election |   | Councillor   | Every Decision, Every<br>Time   | 1  | 1  | your councillors contacted you and asked how they should vote on these decisions? Our experience is that councillors almost never ask the community how they would like to be represented on an issue. We believe that councillors should be working hard to make sure that they are representing the community on every decision every time. Councillors should have consultation systems in place so that they can be sure that they are truly representing the population and engaging the community in decision making processes. They should be especially focused on those who will be impacted by a decision and they should also be utilising the wisdom and experience of their constituents for the diverse range of complex decisions that come before them. If elected we promise to do just that. For every decision, every |   |  |

| Pearse, Susannah Louise | Moree Plains Shire Council 2021<br>Local Government Election                                    |                 | Councillor       |                | 1                 | 1                              | Susannah Pearse and Brooke Sauer share a strong vision for the Moree Plains, where opportunities for growth and development are realised, and the prosperity and sustainability of the region are ensured for generations to come. After a challenging period that has seen systemic organisational failures directly impact on the liveability, progress and appeal of the Shire, Susannah and Brooke believe that Moree Plains Shire Council can and should aspire to better. With delivering a high level of service to the ratepayer and resident at the forefront, Susannah and Brooke are committed to utilising their real-world professional expertise in strategic economic and business development, marketing, agriculture, project management and planning, to drive change through clear and well-informed objectives, measurable actions and a strong focus on accountability. | 2               |                   |

| Sustainable Australia Party is an independent community movement from the political centre, with a positive plan for an economically, environmentally and socially sustainable Australia. Sustainable Australia Party supports a science and evidence-based approach to policy. Most importantly, we are community-driven. Sustainable Australia Party is campaigning to: - Protect our environment & green spaces - Stop overdevelopment - Stop corruption And much more. Apart from a broad sustainability agenda, Sustainable Australia Party advocates for more trustworthy and transparent governance through greater community consultation, including via community-initiated citizen juries and local polision key issues. Sustainable Australia Party is particularly concerned by systemic corruption in the planning system - a system designed by the major parties that allows property developers to ignore and override local communities. The NSW planning system is leading to dramatic increases in high-rise, desinflication and housing sprawl across North Sydney, NSW and Australia. Unlike major parties and local oconcil independents, Sustainable Australia Party can void major party influences that override local community needs and also use its broader network to run for State and Federal Partiaments, where we fight for our local communities. Sustainable Australia Party supports a science and evidence-based approach to policy. Most importantly, we are community-driven. Sustainable Australia Party is campaigning to: - Protect our environment & green spaces - Stop overdevelopment - Stop corruption And much more. Apart from a broad sustainability agenda, Sustainable Australia Party advocates for more trustworthy and transparent governance through greater community consultation, including via community-initiated citizen juries and local polls on key issues. Sustainable Australia Party is particularly concerned by systemic corruption in the planning system — a system designed by the major parties that allows property developers to ignore and override local communities. The NSW planning system is leading to dramatic increases in high-rise, densification and housing sprawl across North Sydney, NSW and Australia. Unlike major parties and local council independents, Sustainable Australia Party can avoid major party influences that override local community needs and also use its broader network to run for State and Federal Parliaments, where we flight for our local communities. Community members can find further Sustainable Australia Party |                 |                   |

| Crane, Theodore Harold<br>John  | Orange City Council 2021 Local<br>Government Election |                 | Councillor       | Refresh Orange | 0                 |                                | We will be a hard-working, pragmatic and consultative members of Council. We are young people with school-age children and feel we will bring a different perspective to what is currently represented on Council. Of particular importance to us is water security and planning for the next drought, town planning and sustainable development, transparency on rates, improving accessibility and winter access to Mount Canobolas. We will work for the community and with other members of Council to deal with the challenges that we don't yet know about that will confront Orange in years to come. | 3               |                   |

| Sikora, Francoise Gabrielle | 2021 Local Government Election                                     |                        | Councillor    | Approach                         | 0                 | 4                              |  | 3               |                   |
|                             |  |                        |               |                                  |                   |                                | Our Vision is for a collaborative and compassionate community, where all people are treated equally and with respect, where a fair justice system ensures human and social rights are acknowledged and met. We envision a community that can secure itself against environmental threats and provide for all of its people without exception. Our Belief is that all people have the potential to live in harmony when they are valued and when they have access to a fair standard of living, health care and education. Shoalhaven Community First believes that the current system is not doing nearly enough to make this a reality. Our Mission is to listen to what people are saying and advocate for their needs. Where lack is identified it must be addressed with priority and with appropriate measures especially at local Government level. Where corruption and deceit obstruct justice we will expose this and demand change. With action and commitment this will be our driving force to affect the necessary changes. We live in stressful and confusing times. In 2020 |                 |                   |
| Digiglio, Nina Angela       | Shoalhaven City Council Ward 1<br>2021 Local Government Election   |                        | Councillor    | Shoalhaven<br>Community First    | 1                 | 1                              | especially, we witnessed events and changes that challenged our<br>beliefs and our endurance – bushfires, floods, COVID. We already<br>had high unemployment and now it is worse and there is<br>ongoing uncertainty especially due to COVID.  |                 |                   |

We envision a community that can secure itself against environmental threats and provide for all of its people without exception. Our Belief is that all people have the potential to live in harmony when they are valued and when they have access to a fair standard of living, health care and education. Shoalhaven Community First believes that the current system is not doing nearly enough to make this a reality. Our Mission is to listen to what people are saying and advocate for their needs. Where lack is identified it must be addressed with priority and with appropriate measures especially at local Government level. Where corruption and deceit obstruct justice we will expose this and demand change. With action and commitment this will be our driving force to affect the necessary changes. We live in stressful and confusing times. In 2020 especially, we witnessed events and changes that challenged our |                 |                   |

|                          |  |  |                  |   |                   |                                | Our Vision is for a collaborative and compassionate community, where all people are treated equally and with respect, where a fair justice system ensures human and social rights are acknowledged and met. We envision a community that can secure itself against environmental threats and provide for all of its people without exception. Our Mission is to listen to what people are saying and advocate for their needs. Where lack is identified it must be addressed with priority and with appropriate measures especially at local Government level. Where corruption and deceit obstruct justice we will expose this and demand change. Our Belief is that all people have the potential to live in harmony when they are valued and when they have access to a fair standard of living, health care and education. COMMUNITY FIRST Group believes that the current system is not doing nearly enough to make this a reality. With   | 5               |                   |

|                      | Snowy Monaro Regional Council<br>2021 Local Government Election | Australian Labor Party<br>(NSW Branch) | Councillor    | Labor      | 0                 | 3                              | The Snowy Monaro Labor Team is dedicated to improving our communities, environment, services, businesses and jobs to make sure no one in the Snowy Monaro Region is left behind. We will listen. We will work to represent the views, concerns and dreams of the people in this area. We wish to heal the adversarial relationship that exists between land holders and the Council, through genuine communication, consultation and transparency. The financial situation of Council warrants a critical review. The State role in amalgamations and the shortfall of finances has affected rates, fees and charges. We will develop strategies for future financial management, development and provision of services. Fairness and equity and promotion of social cohesion will be the bedrock of all Council endeavours. The people of Snowy Monaro need and deserve a collaborative Council that is professional, works together and takes the job seriously. We will ensure that the assets and services of this region are managed responsibly and sustainably. |                 |                   |

| Healy, William James      | Snowy Monaro Regional Council<br>2021 Local Government Election                              | Australian Labor Party<br>(NSW Branch) | Councillor       | Labor          | 0                 |                                | The Snowy Monaro Labor Team is dedicated to improving our communities, environment, services, businesses and jobs to make sure no one in the Snowy Monaro Region is left behind. We will listen. We will work to represent the views, concerns and dreams of the people in this area. We wish to heal the adversarial relationship that exists between land holders and the Council, through genuine communication, consultation and transparency. The financial situation of Council warrants a critical review. The State role in amalgamations and the shortfall of finances has affected rates, fees and charges. We will develop strategies for future financial management, development and provision of services. Fairness and equity and promotion of social cohesion will be the bedrock of all Council endeavours. The people of Snowy Monaro need and deserve a collaborative Council that is professional, works together and takes the job seriously. We will ensure that the assets and services of this region are managed responsibly and sustainably. |                 |                   |
